REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Student achievement in a safe, secure learning environment is the goal of Woodruff Primary School. In order to achieve our goal, we set structures in place to ensure nurturing, supportive environments for our young learners. Some of these structures include morning greeters, kindness recorders, class meetings, school family celebrations, family and friends boards, and well wishes. We believe children should feel safe in order to learn at their maximum potential. Feeling physically and emotionally safe allows children to focus more fully on their academic tasks. This concentration on academics resulted in significant gains at every grade level. Our second graders began the year with 42% meeting or exceeding the national average in reading according to the Measures of Academic Progress (MAP). They ended the year with 72% meeting or exceeding the national average in reading. At the beginning of the year, 54% of second graders met or exceeded the national average in math. By the end of the year, 84% met or exceeded the national average in math. It takes a staff of dedicated and knowledgeable early childhood professionals to support children in order to realize these types of gains in student achievement. At Woodruff Primary, we not only educate young children, we celebrate them. During the "Week of the Young Child," we celebrated by presenting a "Night of the Stars" talent showcase. Children prepared and performed their talents for their families and friends. It was a wonderful evening focusing on the young child and early childhood as a special time of development. We are successful at Woodruff Primary because of our involved families and supportive community. We believe the parent is the child's first and most important teacher. We work to develop strong relationships with our families, so we can better support our young learners. Our parents demonstrated their support through their outstanding participation at Success Days, "Tales & Treats," Storybook Character Parade, and through 100% attendance at Parent-Teacher Conferences. Parents were very active in our PTO events throughout the year raising enough funds to install a new playground structure for the first and second grade playground. We enjoy strong community partnerships. As a school, we try to strengthen those partnerships while teaching our young learners the value of giving back to the community. We have a community service project each month and collaborated with the following organizations throughout the year: Spartanburg Children's Shelter, Woodruff Soup Kitchen, Woodruff Free Medical Clinic, Helping Hands of Woodruff, Spartanburg Humane Society, and Miracle Hill. Our students also participated in fundraisers for the American Cancer Society and the American Heart Association. Support of our school and its programs is evident in the enrollment in our preschool programs. Since we received such enthusiastic support from our families when we first offered our full day four-year-old program to all families within our district, we extended our programs to include two full day three-year-old classes for the 2012-13 school year. Again, our parents responded and these classes filled immediately. Woodruff Primary School is an exciting place to learn and grow together. It is a privilege to serve the families and children of this community.

Kimberly W. McAbee, Principal
Katie Easler, School Improvement Council Chairperson
